

# Navestock Village Hall

## Chairmans Report 10/7/2024

Over the past 4 years we have been repairing and updating the building and this has continued. This last year we have had bespoke notice board made for the car park entrance. This will be installed soon.

This is not the end of the programme we are looking at a new boiler for the water system and a new heating system.

Both these projects are expensive. We are investigating grants to finance both projects and when completed make the hall fit for future.

And finally, redecoration to finish off the project.

As you are aware the Village Hall is non-profit organisation. The purposes of the Village Hall is for the use of the inhabitants of Navestock and the wider community without distinction of political, religious or other options including the use of meetings, lectures, classes for other forms of recreation and leisure-time occupation with the object of improving the conditions of life in the community.

The committee have been busy with the transfer of our bank account to online banking. This is proving difficult and still ongoing.

Advertising the hall in the area is ongoing. But I am pleased to say the new website is now online [www.navestockvillagehall.com](http://www.navestockvillagehall.com) and is starting to help.

Finding new hirers has not been easy and our booking and advertising team have been working hard to get us back on the map as a venue for functions events and parties.

The committee have continued to meet regularly, and I would like to thank all members of the committee for their hard work over this year.
